

## AIMS Representative to SBQ Report November 2020

Fellow AIMS Members,

It is my privilege to again submit my Annual Report as the mining representative on the Surveyors Board of Queensland.

I have attended the board meetings this year, several of which were conducted via Zoom as the board like many organisations continued to be effected by COVID-19. The last two meetings have been face to face as have the latest round of interviews held at the SBQ office.

There has been a good level of progress with registrants again this year which included endorsements in each of UC, OC, UM categories.

In regards to legislation, we have reviewed and commented on proposed changes to RS10 and QGN19 which moving forward will be one combined standard.

I'm looking forward to the next 12 months to again continue the work on these important changes and thank you for your support.

Ken Cross  
AIMS SBQ Nominee
