

NSW Sub Committee Annual Report November 2021

Fellow AIMS Members,

The AIMS NSW Sub-committee held bi-monthly meetings last year through teleconferencing.

Terms of Reference for the NSW committee were presented to and approved by the AIMS Board.

Minutes were taken at all meeting with the information being included in AIMS Board meetings.

State based seminars were limited to the Mudgee seminar only due to COVID restrictions, however planning continues to a resumption of face-to-face seminars.

A Candidate surveyor workshop was held at the NSW BOSSI candidate workshop in Kurri Kurri in May.

Nic Tucker has accepted the role of AIMS representative to the NSW Board of surveying and Spatial Information (BOSSI).

Anyone interested in being involved with committee should feel free contact for inclusion on the committee.

Michael Price
AIMS NSW Chairman
