

VICE PRESIDENT'S REPORT
NOVEMBER 2022

Fellow Members,

It has been pleasing to see this year we all have been able to connect face-to-face at AIMS events across the country. Our regional seminars and national conference provided great networking and professional development for our members. The last few years have been a challenge but it good to see things getting back to normal.

Our events do require a lot of work behind the scenes to make them a success. AIMS is always looking for surveyors to present papers or help run events. If everyone contributes something we are giving back to the profession. I would also like to thank all the work done by all AIMS directors, sub committees, conference images and intouch web services over the past 12 months.

I would like to make a special mention to Paul Duncan who has recently retired from the industry. Paul held the role of AIMS treasurer in the early 2000s and has helped facilitate the AGM returning officer process for many years. Thanks for your long-term support of AIMS Paul and we wish you the best in retirement.

If anyone has any ideas on how we improve AIMS I am happy to discuss with you to make 2023 even better.

Yours Sincerely

James Sherritt
AIMS Vice President
