

## AIMS CPD Newsletter May 2008

Fellow Surveyors,

With another CPD year drawing to a close I would like to take this opportunity highlight a few points of interest to the Mine Surveying Community.

### CPD Assessments

This year the AIMS CPD Panel has assessed 30 events crediting a total of 358 points to date. Most assessments can be made reasonably quickly if sufficient information is provided. All surveyors are encouraged to have their events progressively assessed through out the year to avoid any difficulties involved in locating relevant information at a later date

If you have any outstanding assessments please send them in prior to the end of the CPD period.

### CPD Returns

I would like to take this opportunity to commend a number of surveyors who have already submitted their CPD Returns.

CPD Returns must be received prior to the 7<sup>th</sup> of July. Please feel to lodge your Return as early as possible. An acknowledgment email will be sent on receipt of each return.

Points to remember during return preparations;

1. Supporting material **is required for all points claimed** with your return.
2. Please check your contact details on the front sheet are filled in and are correct. This particularly relevant facilitate progress notification messages.

### AIMS CPD Committee Member

The AIMS CPD Committee currently comprises Trevor Collins, Peter Sergeant and Chris Moy. An additional member is still sought.

### AIMS CPD Calendar

The AIMS CPD Event Calendar has been fairly quiet of late. If you become aware of an event that may be of interest to other surveyors please forward as much information as possible to one of the committee members to allow for its inclusion on the AIMS website.

Chris Moy  
AIMS CPD Chairman
