

Graduate: Mine Surveyor

The 2019 Northparkes Mines Graduate intake is now open. Northparkes Mines is owned and operated by China Molybdenum Co., Ltd (CMOC) in a Joint Venture comprising CMOC (80%), Sumitomo Metal Mining Oceania Pty. Ltd (13%) and Sumitomo Corporation (6.7%).

Northparkes is the fourth largest copper and gold producer in Australia and was also the first block cave mine in the country. Northparkes is the most automated underground mine in the world and we are constantly striving to improve through our focus on innovation and our people.

In 2019 Northparkes will employ a Graduate Mine Surveyor as part of our two year Graduate Program. This is a rotational position within the Underground Mining Department where you will be working with internal employees across site.

In this role you will provide support to our onsite surveyors through all aspects of the Northparkes surveying activities. This will include survey control, measurement of mining designs, data management, assisting EOM surveys and maintaining stock.

The Graduate Mine Surveyor will participate in innovation and improvement activities to ensure a sustainable operations at Northparkes.

The successful applicant will possess the following essential criteria;

- Tertiary qualifications in Spatial Sciences
- Demonstrated mining industry work experience
- Current NSW Drivers' Licence (manual preferred)
- Ability to work in a team environment
- Strong communication and leadership skills

To apply: please forward your resume detailing the name of the position to NPM.Recruitment@northparkes.com
