Graduate Mine Surveyor

Technical Services
Mount Isa/Queensland/Australia
Ref. No. MJO861

A vacancy currently exists for a Graduate Mine Surveyor in the Technical Services Department. The role is Monday to Friday and residential, based at the Mount Isa Copper Mine reporting directly to the Senior Surveyor.

As part of Glencore's graduate programme you'll receive further training through our excellent, structured professional development stream. You will be trained in all aspects of mine survey including the operation of modern surveying equipment and software, void surveys, produce end of month survey reports for management, measure/calculate volumes of surface stockpiles as well as maintaining the mines survey control network. Working on a wide variety of mine survey activities, you will have the opportunity to develop your skills and abilities and contribute to a high performing team.

We want you to succeed, not just for the benefit of the organisation but also so you can achieve your own career goals. Our creative and experienced professionals will challenge you every step of the way - to think differently, ask questions and come up with creative solutions. This is your opportunity to test your skills and creativity in real situations. You'll help to create positive partnerships with communities, and make a lasting contribution to the Glencore Group.

If you are bright and curious, confident and keen to grow with us, you're exactly who we want.
We are seeking current university Survey graduates or students graduating during 2016 who will relish the opportunity to work and live in Mount Isa.

For any further questions please contact Kylie Duncan (07) 4744 3223

Applications will only be accepted via glencore.com/careers, quoting reference number MJO861.
